Paper proof of your art revision is below, even showing how it will be positioned in lower right corner of folder. KSU and convention lines have been reversed and correctly centered, and I asked them to correct the vertical spacing (esp. of date) while they were at it. This proof also reflects the increase of 120% from art you sent so it will run the maximum regular allowed area 8 sq. in.

Please copy and position on a similar folder to make sure this is EXACTLY what you want in size, spacing etc. before we make another die. There may be some minor art charges; I am going to absorb the \$15 for this paper proof....

Back in office Thursday. Let me know.
